This was okay, but that's about it. Normally if you put Aliens and Predator together in a story half the work is done, but this time it didn't work so well. It seemed like not much happened, and there wasn't a whole lot of Alien vs. Predator action. It just didn't click for me, although I like the characters enough it was still worth a read. If you're a big Alien and/or Predator fan it's worth a look, but if you only have casual interest in the characters this one probably won't impress you.

Based on this summer's major-motion picture from 20th Century Fox, Alien vs. Predator: Thrill of the Hunt carries the themes and story elements from the film into new territories of action and terror, crafted by Mike Kennedy and illustrator Roger Robinson (Azrael, Batman: Gotham Nights), all in a value-priced original graphic novel. Cover painting by Society of Illustrators award-winner David Michael Beck.
