The book is called Charlie Munger, however, 70%, if not more of the content is about Warren and Charlie (Warren first, Charlie second). This is okay since the two tycoons have extremely tight working relationship and it is hard to separate them unless the sole purpose is to distinguish the two.

Buffett acknowledged Munger's contributions when he pointed out, "One plus one with Charlie and me certainly adds up to more than two."<sup>1</sup> Munger's success as an investor in businesses outside of Berkshire is also impressive.
