In his new novel His Majesty's Ship Alaric Bond once again grips readers with his detailed knowledge of the Georgian navy. In this prequel to The Jackass Frigate the earlier careers of crew members we have become familiar with are developed.

The first large painting shows a sick and worried master shipbuilder in the spring of 1626. The king's shadow darkens the construction. The next painting shows the royal palace of Tre Kronor in the summer of 1628.

I have bypassed Mr. Bond's stories for a long time. Years really. I finally decided to give one a try and was delighted, entertained, and impressed by the color, technical detail, character development, story line, action and unexpected twists and turns.
