Infographic illustrating the structure of the Roman Army. Originally created as a video installation for the Vindolanda Museum at Hadrian's Wall on the English / Scottish border.

This module will examine selected aspects of the archaeology of the Later Roman Empire (c. AD 300 - 700).

As a matter of historical convention, the late Roman Empire emerged from the Roman Principate (the early Roman Empire), with the accession of Diocletian in 284, his reign marking the beginning of the Dominate, or Late Roman Empire.

About The Fall of the Western Roman Empire. The decline of the Roman Empire has been a subject of fascination and debate for centuries. In this original new work, Neil Christie draws on numerous sources, interweaving the latest archaeological evidence, to reconstruct the period's landscape and events.
