THE HIGH SIERRA, subtitled "Peaks ~ Passes ~ Trails", is a prodigious and information-jammed book to which I'm awarding five stars even though its usefulness to me is not what I expected and will be minimal, a fact that would otherwise cause me to award two or three stars.

The best guide for the Sierras. Sector gives descriptions of every pass, mountain, and trail in the range. Sector gives descriptions of every pass, mountain, and trail in the range. The author suggests that you read this with the appropriate maps in front of you.

‘The High Sierra: Peaks, Passes, and Trails’ — R.J. Secor It may be an exaggeration to call R.J. Secor a modern-day Norman Clyde, but the man does have over 600 Sierra Summits to his credit, giving him an enviable intimacy with California's glorious 'Range of Light'.

A guide to the Sierra Mountains that details mountains and trails of Sierra high country where glaciated valleys, pinnacles and spires, moonscape meadows, and alpine lakes - combined with the region's characteristic good weather - offer hikers, climbers, skiers, and cross country rambles an opportunity for wilderness, exploration and discovery.

This edition rearranged the information to keep roads and trails, and passes and peaks together, making the book easier to use. [Preview this book](#) » [What people are saying](#) - [Write a review](#)
